

West Bedlington Early Years Partnership – Our Ethos

We offer high quality, flexible, early child education in the unique context, of one single provision. This allows children to move seamlessly through Early Years provision from the age of 2 years to 5 years, as they develop

and change. The children have access to excellent Early Years provision, both indoors and outdoors. We take pride in developing positive relationships, where each individual is respected, valued and is nurtured to reach their full potential within a happy and caring atmosphere.

From an early age we support our children to become life-long learners, who love learning, are resilient and self-motivated. We teach our children to be emotionally intelligent, confident and articulate, with an understanding of the different ways in which they learn. We encourage the children to develop the ability to view mistakes as a challenge, thus equipping them to be creative thinkers, who are ready for their next stage of learning.
