

2024 Nursery Literacy and Phonics Long Term Plan

	Autumn A	Autumn B	Spring A	Spring B	Summer A	Summer B
<p>Reading is the core skill that is central to everything that children do. It is important that the children delight in listening to stories and enjoy exploring books for pleasure. The knowledge and skills of early reading are taught through the systematic teaching of phonics. Language comprehension is developed through talking with children about the world around them, the books that they choose to explore and the books that are read to them. Opportunities to enjoy rhymes, poems and songs are planned for throughout the curriculum.</p>
